Adlington Library's SCART reading scheme has been extended to Saturday 29th September. They would then like to come in to do a reading assembly to present certificates etc. to those who have completed the challenge!

Everyone is invited to take part in the Anderton Primary School Reading Challenge. Think about different, exciting, fun (but safe!) places you can enjoy a book. We'd love to see some photos (plus permission to publish on social media) of you reading in your "extreme" places!! The wackier and more unusual the better! You can email them to

Please consider our neighbours when parking near the school. Please leave their driveways free. Thank you.

Celebration assembly Friday 9.05-9.30am open to parents/carers of children receiving awards. Some of you will receive texts inviting you come, as your child has been awarded Star of the Week or VIP (Values Inspired Person) of the Week by their class teacher. Please wait near the ramp and doors open just before 9.05am. If you are unable to attend, you can send another member of the family or friend if you can. If no one can come, don't worry, we will publish a photograph for you to see. Please ensure you have given school permission or we can't publish! Thank you. Please ring the school office if you have a query.

Mrs Miller, Mrs Owen and Mrs Wignall are on the yard in the mornings to ensure all children are let in safely through the class doors or school office. If children are officially late (after 9am) a parent or carer needs to bring them in to the office to explain. At hometime, please leave room for the children to line up with their teachers. Parents who wait on the playground will receive their children first and then the teachers will go to the back gate with remaining children to check if any parents are waiting on the rec. **Please do not re-enter the school after hometime. Use the office door!**

The NSPCC gave all the children fantastic advice on Monday about how to keep themselves safe. The children were taught to "Speak out. Stay safe" and Years 5 and 6 had age appropriate workshops, learning about issues such as online safety while gaming. Mrs Huszka is planning some parent advice sessions on online safety as we know this is a worry for parents and carers. We will let you know the date and time!
